The Napolitano Difference

BUILT FOR LIFE

Since 1977, Napolitano Homes has been setting the benchmark for new homes that Hampton Roads families want: exciting and well thought out designs, innovative features that make life easier, and great value in excellent locations throughout Virginia Beach, Chesapeake, Suffolk and Moyock, NC.

SENSIBLE FLOORPLANS

Napolitano Homes teams up with an award-winning home designer on all of our floorplans, and together we painstakingly design and scrutinize every square inch of each new home we offer. Every time you haul a gym bag out to the garage, have friends over for dinner, or come home to relax after a long day, you'll appreciate important details like family entries, customized kitchens, and great space planning in each of our home designs.

HIGHER STANDARDS

From curb appeal to innovative technology, we pride ourselves in our ability to set trends and lead the way in the home building industry. Our features are constantly updated and our building process is always under review in order to address ever-changing new home building techniques.

SOLID FOUNDATION

At its heart, the Napolitano Homes story is all about family. Fred Napolitano Sr. and his son Vince founded our homebuilding company in 1977. Sons Fred II and John and daughter Terri have since joined the team, and a third generation of Napolitano's currently works along side their fathers. The sense of family extends to employees as well; many of whom have decades of experience with our company!

When you choose Napolitano Homes for your new home, you're choosing a local, family-oriented building team that has a deep-rooted dedication to improving the overall quality of life in the region.
